About Artsy Mats

Picture this: 2016. The world of doormats was, let's be honest, a bit dull. But then, a spark! Lee the founder of Artsy Mats had a wild thought: "What if doormats weren't just for wiping shoes, but for smiles?" And just like that, Artsy Doormats was born! They dove headfirst into designing a kaleidoscope of unique mats, each one hand-sprayed with love in Lancashire, ready to jazz up doorways far and wide.

Fast forward a bit, and Artsy's world grew! They added snazzy vinyl mats and outdoor mats bursting with colour, all with a big hug to sustainability. Why? Because they believe your doormat is the first hello to your home. It should show off your style, maybe even get a giggle out of visitors, and definitely be more than just...well, plain. And if you want to make it extra special, they'll personalise it just for you. All this magic happens right at their Lancashire HQ!

A photograph of a doorway area. In the foreground, a light-colored tiled floor is partially covered by a grey rug with a repeating black silhouette pattern of animals. A pair of black rubber boots with silver buckles stands on the tiles. To the right, a white-framed window or door is visible, with green foliage and a potted plant in the foreground and background. A semi-transparent white text box is overlaid on the right side of the image.
